## More *Examples and Explanations* Titles Now Available

The *Examples and Explanations* series, published by Aspen, is designed to help students gain a better understanding of a subject by providing an accessible presentation, solid preparation, and clear explanations. Each title in the series is written by an experienced teacher in the field.

In addition to titles for all first-year courses and other courses such as Constitutional Law and Federal Taxation, the law library has recently added the following new titles and updated editions to this popular series:

- *Agency, Partnerships, & LLCs*, 2nd ed.
- *Bankruptcy and Debtor/Creditor*, 3rd ed.
- *Payment Systems*, 2nd ed.
- *Secured Transactions*, 2nd ed.
- *Intellectual Property*
- *Professional Responsibility*
- *Real Estate Transactions*, 3rd ed.
- *Securities Regulation*, 2nd ed.
- *Corporate Taxation*, 3rd ed.
- *Wills, Trusts, and Estates*, 3rd ed.

The most current edition of each title in the *Examples and Explanations* series is kept on reserve, sometimes with multiple copies. Additional copies and older editions can sometimes be found in the library stacks.

The easiest way to find these titles is to do a KEYWORD search on POLAR. To find the *Examples* book on torts, for instance, do the keyword search <examples and explanations and torts>. This search will show you all available copies of this title, including those on reserve and older editions.

If you are looking for other study aids, the library also has many titles in the *Understanding the Law* series by Lexis.

### **Reminder**

When you borrow books using OhioLINK, please remember to pick the books up promptly when they arrive at the circulation desk and to return them on time. OhioLINK could charge you fines or block you from borrowing if materials are not returned to the lending library. Thanks for your cooperation!
